

# bongo checkout

White Papers | Big Commerce API v2

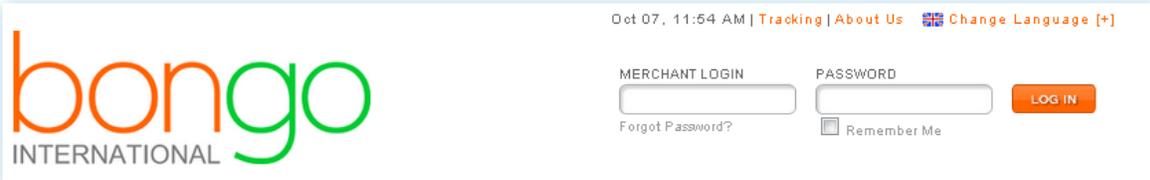

# Content

---

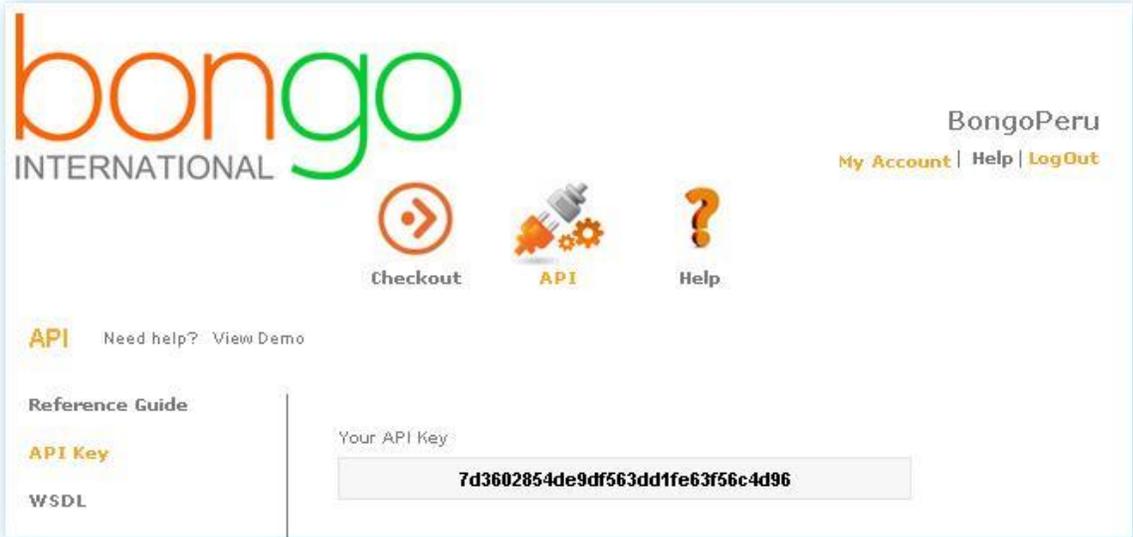

- Launch with Country \_\_\_\_\_ [3]
  
- Launch with Button \_\_\_\_\_ [8]

# Launch with Country: Installation

- 1. Go to <https://bongous.com/> and login

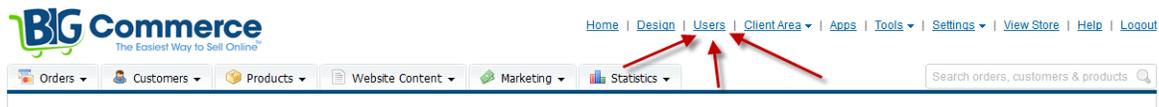

- 2. Get the **API Key, CHECKOUT\_URL**:

Bongo Checkout/Configure/Checkout Page: URL:

3. Within your Big Commerce administration area, navigate to **Users** and select to Edit your account.

Open your User account by clicking on **Edit**:

Username	Name	Email	Status	Action
admin	N/A	hubspot@ivntonweb.com	✓	<a href="#">Edit</a> <a href="#">Copy</a>

4. Scroll down the page to the **"Enable the API?"** section. Be sure the box is **checked** next to **"Yes, allow this user to use the API."** Then, right click and copy both the API Path and API Token, Click the Save button and save this for later.

5. Open **bongocheckout.countries.js** in a text editor, and replace the following information, starting at line 10:

```

5 String.prototype.trim = function() {
6     return this.replace(/^\s+|\s+$/g, "");
7 }
8
9 var BongoCheckout = {
10     api_url: '/api/v2/products/', // BigCommerce (DO NOT CHANGE)
11     partnerKey: 'YOUR PARTNER KEY BONGO',
12     api_token: 'YOUR API TOKEN BIGCOMMERCE',
13     api_username: 'YOUR USERNAME TO API BIGCOMMERCE',
14 }

```

**partnerKey:**

The Bongo partner key provided by your implementation specialist or obtained from your Bongo Partner Portal.

**api\_token:**

The API Token copied in step 3.

**api\_username:**

The username you use when logging into the administration area of Big Commerce (i.e. 'admin' as shown in the image).

Username	Name	Email	Status	Action
admin	N/A	ifuentesbackus@gmail.com	✓	Edit Copy

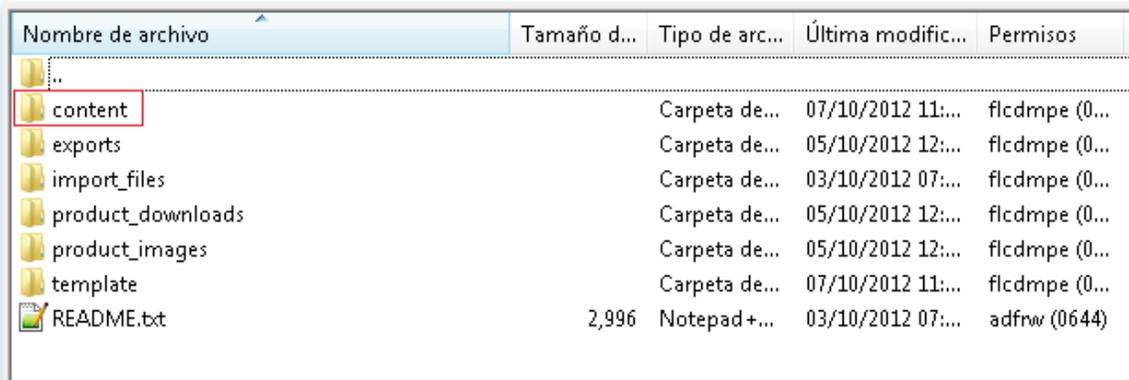

- Open **bongocheckout.countries.js** in a text editor, edit lines 13 and 14. If you want to charge a flat rate domestic shipping per item, choose true. If you want a flat rate per order, choose false. Then choose the domestic flat rate per item or per order on line 14:

```

per_item_shipping: false,
shipping_cost: 10.00,

```

7. Create a folder in your FTP and named it "content"

Nombre de archivo	Tamaño d...	Tipo de arc...	Última modific...	Permisos
..				
<b>content</b>		Carpeta de...	07/10/2012 11:...	flcdmpe (0...
exports		Carpeta de...	05/10/2012 12:...	flcdmpe (0...
import_files		Carpeta de...	03/10/2012 07:...	flcdmpe (0...

8. Upload **bongocheckout.countries.js** to your Big Commerce content folder, via FTP.

9. Go to Design > Template Files. Open the **Snippets/CheckoutCartItem.html** snippet and paste in the following code immediately after line **27**:

```
<input type="hidden" class="bongo-product-id" value="%%GLOBAL_ItemId%%" />
```

```
21     </div>
22 </td>
23 <td style="text-align: center;">%%GLOBAL_ProductQuantity%%</td>
24 <td style="text-align: center;">
25     %%GLOBAL_ProductPrice%%
26 </td>
27 <td style="text-align: right;"><em class="ProductPrice">%%GLOBAL_ProductTotal%%</em></td>
28
29 <input type="hidden" class="bongo-product-id" value="%%GLOBAL_ItemId%%" />
30
31 </tr>
32
33
34
```

10. Go to Design > Template Files > **Snippets/ExpressCheckoutConfirmation.html** Insert the code below BEFORE the closing **form** (MAKE SURE TO REPLACE "**CHECKOUT URL**" with the one we give you!). immediately after line **136**:

```
<form name="BongoCheckoutForm" method="post" action="CHECKOUT_URL"></form>

<script type="text/javascript" src="content/bongocheckout.countries.js"></script>
```

```
130         else {
131             $('#CheckoutStepPaymentDetails').show();
132         }
133     });
134 </script>
135 </form>
136
137
138 <form name="BongoCheckoutForm" method="post" action="https://transaction.bongous.com/pay/d4122/index.php"></form>
139 <script type="text/javascript" src="content/bongocheckout.countries.js"></script>
140
141
```

11. Go to Design > Template Files > **Snippets/ExpressCheckoutShippingMethod.html** copy the code in **bongocheckout.shippingmethod.txt**

```
File contents for Snippets/ExpressCheckoutShippingMethod.html Revert to Original
1 <li>
2 <label id="shippingMethod_%%GLOBAL_AddressId%%_%%GLOBAL_ShippingQuoteId%%"><input type="radio" name="selectedShippingMethod(%%GLOBAL_AddressId%%)"
id="shippingCheck_%%GLOBAL_AddressId%%" value="%%GLOBAL_ShippingQuoteId%%" /> <span class="ShipperName">%%GLOBAL_ShipperName%%</span> %%GLOBAL_TransitTime%% <em
class="ShipperPrice ProductPrice">%%GLOBAL_ShippingPrice%%</em></label>
3 </li>
4
5 <script>
6
7 var box = '<p>Because you have selected an international address, you are being routed to <span style="font-weight:bold;color:#FF8C00">Bongo&nbsp;</span><span style="font-
weight:bold;color:#32CD32 ">International</span>, our third party international payment and shipping partner.</p>';
8
9 if ($("#FormField 11").val()!="United States"){
10     $($("#CheckoutStepShippingProvider").children()[1]).children().children()[5].prepend(box);
11     $($("#CheckoutStepShippingProvider").children()[1]).children().children()[3].children().children().children()[0].prop('checked', true);
12     $($("#CheckoutStepShippingProvider").children()[1]).children().children()[3].children().children().hide();
13     $($("#CheckoutStepShippingProvider").children()[1]).children().children()[0].remove();
14 }
15 </script>
16
17
```

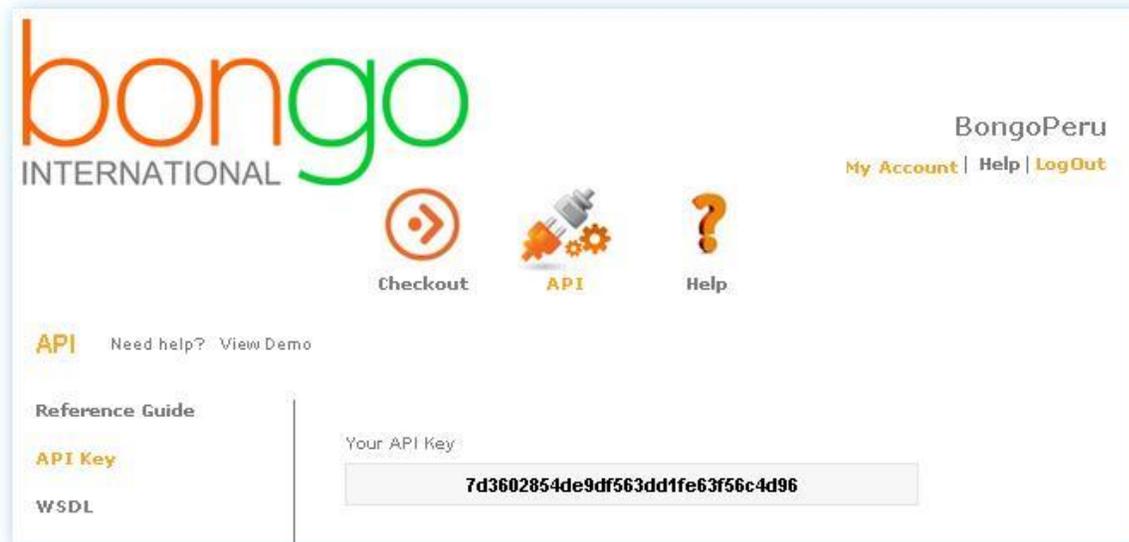

12. Enjoy!

# Launch with Button: Installation

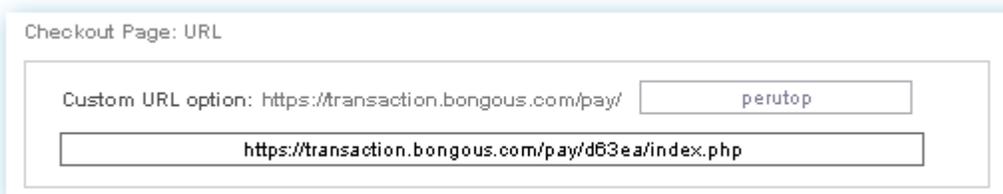

1. Go to <https://bongous.com/> and login.

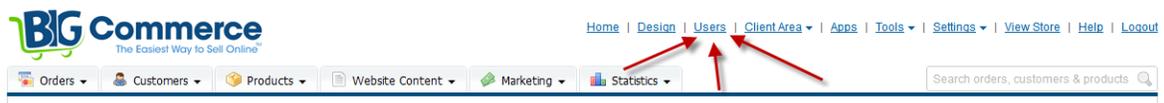

2. Get the **API Key**, **CHECKOUT\_URL**:

Bongo Checkout/Configure/Checkout Page: URL:

Within your Big Commerce administration area, navigate to **Users** and select to Edit your account.

Open your User account by clicking on **Edit**:

Username	Name	Email	Status	Action
admin	N/A	hubspot@tintonweb.com	✓	<a href="#">Edit</a> <a href="#">Copy</a>

3. Scroll down the page to the **"Enable the API?"** section. Be sure the box is **checked** next to **"Yes, allow this user to use the API."** Then, right click and copy both the API Path and API Token, Click the Save button and save this for later.

System Admin Permissions: (Select All / Unselect All)

- Manage Users
- Add Users
- Edit Users
