

bongo checkout

White Papers | Big Commerce API v2

Content

- Launch with Country _____ [3]

- Launch with Button _____ [7]

Launch with Country: Installation

1. Go to <https://bongous.com/> and login

2. Get the **API Key, CHECKOUT_URL:**

Bongo Checkout/Configure/Checkout Page: URL:

3. Within your Big Commerce administration area, navigate to **Users** and select to Edit your account.

Open your User account by clicking on **Edit**:

4. Scroll down the page to the **"Enable the API?"** section. Be sure the box is **checked** next to **"Yes, allow this user to use the API."** Then, right click and copy both the API Path and API Token, Click the Save button and save this for later.

5. Open **bongocheckout.countries.js** in a text editor, and replace the following information, starting at line 10:

```

9 var BongoCheckout = {
10 //::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::
11   api_url      : '/api/v2/products/',          // BigCommerce (DO NOT CHANGE)
12   partnerKey   : 'YOUR PARTNER_KEY BONGO',    // Bongo Partner Key
13   api_token    : 'API TOKEN BIGCOMMERCE',     // Api token BigCommerce
14   api_username : 'admin',                     // BigCommerce
15   totalDomesticShippingCharge : 'TOTAL_DOMESTIC_SHIPPING_CHARGE', // TOTAL_DOMESTIC_SHIPPING_CHARGE
16 //::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::::

```

partnerKey:

The Bongo partner key provided by your implementation specialist or obtained from your Bongo Partner Portal.

api_token:

The API Token = copied in step 3.

api_username:

The username you use when logging into the administration area of Big Commerce (i.e. 'admin' as shown in the image).

Username	Name	Email	Status	Action
admin	N/A	fuertesbackup@gmail.com	✓	Edit Copy

totalDomesticShippingCharge:

Defines the cost of shipment on an order level from the vendor's location to a Bongo International export hub.

6. Create a folder in your FTP and named it "content"

Nombre de archivo	Tamaño d...	Tipo de arc...	Última modific...	Permisos
..				
content		Carpeta de...	07/10/2012 11:...	flcdmpe (0...
exports		Carpeta de...	05/10/2012 12:...	flcdmpe (0...
import_files		Carpeta de...	03/10/2012 07:...	flcdmpe (0...
product_downloads		Carpeta de...	05/10/2012 12:...	flcdmpe (0...
product_images		Carpeta de...	05/10/2012 12:...	flcdmpe (0...

7. Upload **bongocheckout.countries.js** to your Big Commerce content folder, via FTP.

8. Go to Design > Template Files. Open the **Snippets/CheckoutCartItem.html** snippet and paste in the following code immediately after **line 27**:

```
<input type="hidden" class="bongo-product-id" value="%%GLOBAL_ItemId%%" />
```

```
24 <td style="text-align: center;">
25     %%GLOBAL_ProductPrice%%
26 </td>
27 <td style="text-align: right;"><em class="ProductPrice">%%GLOBAL_ProductTotal%%</em></td>
28 <!--=====
29     Start: Snippets/CheckoutCartItem.html
30     =====>
31 <input type="hidden" class="bongo-product-id" value="%%GLOBAL_ItemId%%" />
32 <!--=====
33     End: Snippets/CheckoutCartItem.html
34     =====>
35 </tr>
```

9. Go to Design > Template Files > **Snippets/ExpressCheckoutConfirmation.html** Insert the code below BEFORE the closing **form** (MAKE SURE TO REPLACE "**CHECKOUT URL**" with the one we give you!). immediately after **line 136**:

```
<form name="BongoCheckoutForm" method="post"
      action="CHECKOUT_URL"></form>
```

```
<script type="text/javascript" src="content/ bongocheckout.countries.js"></script>
```

```
130     else {
131         $('#CheckoutStepPaymentDetails').show();
132     }
133     });
134 </script>
135 </form>
136 <!--=====
137 start Snippets/ExpressCheckoutConfirmation.html
138     =====>
139 <form name="BongoCheckoutForm" method="post" action="CHECKOUT_URL"></form>
140 <script type="text/javascript" src="content/bongocheckout.countries.js"></script>
141 <!--=====
142 End Snippets/ExpressCheckoutConfirmation.html
143     =====>
```

10. Enjoy! 😊

Launch with Button: Installation

1. Go to <https://bongous.com/> and login.

2. Get the **API Key, CHECKOUT_URL:**

Bongo Checkout/Configure/Checkout Page: URL:

3. Within your Big Commerce administration area, navigate to **Users** and select to Edit your account.

Open your User account by clicking on **Edit**:
