

VP-ASP Implementation Guide

Requirements

- Fully installed and running VP-ASP shopping cart 7.0 on IIS Webserver
- The SKU of Products should be same as in the BongoUS portal.
- The partner key and action URL for the BongoUS

Instructions

1. Backup **shopcustomerdesign.asp**
2. Copy over the shopcustomerdesign.asp file included with Bongo Checkout.
3. **Insert your partner key and checkout URL in the top in the file "shopcustomerdesign.asp" on the lines indicated below:**

```
Const PartnerKey = "YOUR PARTNER KEY"  
Const BongoUSActionUrl = "YOUR CHECKOUT URL"
```
