

## VirtueMart Implementation Guide

### 1. Backup the following files:

<joomla root folder> / administrator / components / com\_virtuemart / html /  
**basket.php**  
**checkout.index.php**

<joomla root folder> / administrator / components / com\_virtuemart / languages / checkout /  
**english.php**

<joomla root folder> / components / com\_virtuemart / themes / default / templates /  
/ basket / **basket\_b2b.html.php**  
/ checkout / **customer\_info.tpl.php**

### 2. Copy the *administrator* and *components* folders into the root Joomla installation folder.

### 3. Open and edit:

<joomla root folder> / administrator / components / com\_virtuemart / languages / checkout /  
**english.php**

**On lines 57-58 change the BONGOUS\_PARTNER\_KEY and BONGOUS\_ACTION\_URL to your corresponding partner key and checkout URL.**
