

 **bongo** checkout

White Papers | Yahoo

Installation

NOTE: Currently the Bongo Checkout module for Yahoo! Small Business only supports Single-Page Checkout. To enable Single-Page Checkout, open the Checkout & Registration Manager, select Global Settings, and choose Single-Page.

The screenshot shows the Yahoo! Small Business interface. At the top, it says "Welcome, elijahboston.bongous" with links for "Sign Out" and "Account Info". Below that is a blue header for "bongoyahoodemo.com: Merchant Starter" and a breadcrumb trail: "Store Manager > Checkout & Registration Manager > Global Settings". The main heading is "Global Settings" with tabs for "Flow Settings", "Checkout Wrapper", "Checkout Settings", "Customer Registration", and "Customer Registration Manual Setup". Under "Flow Settings", there's a sub-heading "Flow Settings" and a note: "Select either a multi-page or single page checkout flow as well as optional pages. Settings affect the pages available to customize in the 'Page Configuration' section." There are "Save & Preview" and "Save" buttons. The "Checkout Process Configuration" section has two main options: "Checkout Options" with "Multi-Page" (selected) and "Single-Page" (selected, indicated by a red arrow), and "Shipping & Billing Information Page" with "Same Page" (selected) and "Separate Pages".

1. Open the provided file `bongocheckout.yahoo.js` and on line 190 enter your partner key and domestic shipping cost.

```
183
184 function submitInternationalOrder() {
185     var items = getCart();
186     var custInfo = getCustomerInfo();
187
188
189     // PARTNER KEY
190     var partner_key = 'YOUR PARTNER KEY';
191     var shipping_domestic = 0;
192
193     $('form[name="internationalForm"]').append('<input name="PARTNER_KEY" value="'+partner_key+'" type="hidden">');
194     $('form[name="internationalForm"]').append('<input name="TOTAL_DOMESTIC_SHIPPING_CHARGE" value="'+shipping_domestic+'" type="hidden">');
195
196     // Append customer info (Country / State / Zip)
197     $('form[name="internationalForm"]').append('<input type="text" style="display:none;" name="CUST_FIRST_NAME" value="'+custInfo['fname']+'" />');
198     $('form[name="internationalForm"]').append('<input type="text" style="display:none;" name="CUST_FIRST_NAME" value="'+custInfo['fname']+'" />');
```

Red boxes and arrows highlight the configuration in the code: a box around 'YOUR PARTNER KEY' with an arrow pointing to 'EX: 'd2133kd9234kko0133'', a box around '0' with an arrow pointing to 'EX: := 10;', and a box around the comment '// PARTNER KEY'.

2. From the Store Manager, open Store Editor.

3. From the administration bar along the top of the screen, select Files. If you do not see this option, click the arrow to expand the menu.

TRY BONGO CHECKOUT | PRODUCTS | VIEW CART

Welcome

Welcome to Bongo International's demonstration of how our Checkout solution integrates into Yahoo! Small Business. Follow the instructions below to get started.

1. Add some products to your shopping cart.
2. Attempt to checkout from a US country. Notice that you proceed with the normal checkout.
3. Attempt to checkout from a non-US country. Notice that Bongo's Checkout solution kicks in to allow you to securely pay for the items in your cart.

Featured Products

4. Click Upload.

5. Select the provided file `bongocheckout.yahoo.js`, set the filename to `bongocheckout.yahoo.js`. Ensure you have already edited this file.

6. Click Send.

File Upload

1. Click on Browse to choose a file from your disk.
 bongocheckout.yahoo.js
2. Enter the name you want this file to have on the server (e.g. foo.gif). You have to choose some name for it.
3. Click on Send to upload your file.

If you can't see a Browse button, then your browser doesn't support file uploads, and you should click on Cancel instead.

7. Click Publish All Staged Files

Delete checked items

- Open link in new tab
- Open link in new window
- Open link in incognito window
- Save link as...
- Copy link address
- Inspect element

9. Go back to the Store Manager (from the Files area, click Index then select Manager).
10. Open the Checkout & Registration Manager.
11. Click Page Configuration.
12. In the Page Message area, add the code below:

<form name="internationalForm" action="CHECKOUT_URL" method="post"></form>

13. Replace "CHECKOUT_URL" with the applicable URL given to you in your Partner Portal (<http://bongous.com/partner>).

Page Configuration

The screenshot shows the 'Page Configuration' interface for 'Single-Page Checkout'. At the top, there are tabs for 'Order', 'Catalog Request', and 'Customer Registration'. Below these are navigation links: 'Single-Page Checkout', 'Order Review', 'Order Confirmation', and 'Order Status'. The main heading is 'Single-Page Checkout'. A note states: 'Enter information and select options for the one-page checkout flow. You can enter a unique title as well as a page message, add HTML to the head section, and select to st'. There are 'Save & Preview' and 'Save' buttons. A 'Page Settings' section is expanded, showing:

- Title:** 'Single-Page Checkout' (required, My Page Name)
- Top Navigation Bar:** A preview of a navigation bar with three items. Radio buttons: 'Display in Checkout Page' (unselected), 'Hide from Checkout Page' (selected).
- Left Navigation Bar:** A preview of a left navigation bar with four items. Radio buttons: 'Display in Checkout Page' (unselected), 'Hide from Checkout Page' (selected).
- Payment Option:** Checkboxes: 'Enable PayPal in Payment Method section' (unselected), 'Enable PayPal above Shipping and Billing sections' (unselected).
- Page Message (optional):** A text area containing the code:

```
<form name="internationalForm" action="https://transaction.bongous.com/pay/8162e/index.php" method="post"></form>
```

 Below the text area is a note: '(Store merchants -- prior to 09/2003 -- if calling files from the file area ("lib" directory), use relative paths for example ./lib/store-account-name/header.gif)

14. Further down on the page in the HTML Head Section, add the following code:

```
Installation<script type="text/javascript"src="https://ajax.googleapis.com/ajax/libs/jquery/1.5  
2/jquery.min.js"></script>
```

```
<script type="text/javascript" src="URL OF YOUR bongocheckout.yahoo.js FILE"></script>
```

Advanced Settings

HTML Head Section (optional)

```
<script type="text/javascript" src="https://ajax.googleapis.com/ajax/libs/jquery/1.5.2/jquery.min.js"></script>
